Equal Employment Opportunity Policy

for: South Lafourche Levee District

The South Lafourche Levee District operates under a continuous and affirmative concept of equal employment opportunity for all persons, regardless of race, color, religion, creed, age, sex, national origin or ancestry, marital status, physical or mental impairment, veteran status, or other non-merit factors. All employees in South Lafourche Levee District are responsible for complying with this policy and for supporting its implementation according to their level of responsibility and authority. Therefore, all employees with any responsibility for personnel actions such as recruiting, screening, appointing, training, or supervising will be evaluated on the basis of their equal employment opportunity efforts.

On June 7, 2010 the South Lafourche Levee District was officially removed from State Department of Civil Service. Although the SLLD no longer chooses to be a part of the Civil Service program, we will continue to reference the Civil Service Rules and HR Handbook as a guideline for all personnel issues that are not covered by our own SLLD policies and rules.

For purposes of these Policies & Procedures, the "appointing authority" shall be the Board of Commissioners.

1.0 PAY PLAN - ESTABLISHED:1986

For the purposes of clarification, full-time administrative and full-time field employees work regular shifts of 40 hours per week with occasional overtime after 40 hours worked. Lock Operators work 12-hour shifts for 5 consecutive days and have 5 days off work, alternating between day and night shifts each 5-day rotation.

1.1 Unscheduled Overtime

All unscheduled overtime MUST be cleared with the immediate supervisor or Executive Director.

1.2 Scheduled Overtime

Scheduled overtime is for inspection of water levels at Pump Stations and floodgates.

1.3 Time and One-Half

Time and one-half is paid after 40 hours of work in a scheduled work week. On call hours do not count towards the 40 hour work week.

1.4 Annual, Sick Leave & Holidays

Annual leave and sick leave do not count towards the 40-hour work week. Holiday hours do not count towards the 40-hour work week unless the employee works on the holiday. Overtime will be paid to full-time non-exempt employees at the time and one-half rate for working on a holiday regardless of whether or not 40 or more hours of work has previously been reached during that scheduled work week.

1.5 Straight Time

Straight time will be paid for any extra work performed until 40 hours is reached.

1.6 Exception

Scheduled work on a holiday will be paid at time and one-half.

1.7 Overtime Policy – 2008: 24- Hour Schedule

Overtime shall be paid for actual hours worked up to 16 consecutive hours, with maximum 24-hours paid in special circumstances. All overtime must be preapproved by the supervisor or executive director. *Approved Sep. 9, 2008 BOC Special Meeting*

Non-supervisory personnel designated to assume supervisory on-call responsibilities will earn regular on-call pay rate of \$2.25 per hour for stand-by. FMI, see [26.2 On-Call Supervisory Policy](#). *BOC Jan. 13, 2020 Revised Apr. 08, 2024*

Jury Duty does not affect pay or leave. Time away from work due to jury duty will be allowed with no loss of pay or leave to the employee. Proper documentation must be submitted.

1.10 Emergency or Weather-Related Office Closures

The office location may be declared officially “closed” whenever the Governor, the Commissioner of Administration, or the appointing authority, due to an Act of God or other conditions, makes it impracticable for employees to work. Therefore, no time off with loss of pay, annual or sick leave shall be assessed for any employee not at work due to such official office closure. Full time employees who actually work during a closure are considered to be working overtime. Simply stated, any full time employee who actually works during an official closure will be paid their regular hourly rate plus time and one-half which will result in pay at double time and one-half. Exempt employees shall receive straight time compensatory leave in addition to their normal salary for every hour they are required to be on duty during the official closure or emergency, unless authorized by the appointing authority in accordance with section 7.2(c) or 7.2(d) of this manual. Part-time employees

Full-time Administrative and Field employees earn annual and sick leave according to their years of service and may earn compensation time (K-time). Effective July 1, 2024, NLOs will be allotted sixty (60) hours of annual leave at the start of each fiscal year, in lieu of earned, accrued, annual leave. These annually allotted hours shall be used by the end of the fiscal year for which they are allotted and will not be allowed to carry over to the following fiscal year. (See 5.0 Annual and Sick Leave)

2.2 Part-time

Part-time positions that are established must work less than 40 hours per work week. Part-time employees who have a regular “tour of duty” (i.e. a set number of hours worked per week) may qualify for certain benefits. However, part-time employees who do not have a regular tour of duty (set number of hours worked per week) do not qualify for benefits of any kind.

2.3 Restricted

Any employee who is hired to work full-time hours, but for no longer than six months, is considered restricted. Restricted employees do not qualify for benefits of any kind.

2.4 Temporary

The temporary employee works part-time hours for no longer than one year. Temporary employees do not qualify for benefits of any kind.

2.5 WAE (When Actually Employed)/Intermittent

WAE or Intermittent positions have no regular work schedule and work less than 240 hours per calendar year. WAE employees do not qualify for benefits of any kind.

2.6 Limitations of Employment Positions

Part-time, Restricted, Temporary and WAE are not permanent positions. These positions may be dissolved, and employees occupying such positions terminated, at any time. Likewise, if at any time any employee, regardless of employment status, is suspected of, or tests positive for drugs and/or alcohol, and/or engages in any type of unacceptable behavior such as, but not limited to horseplay, sexual harassment or physical or verbal harassment on the job, the employee may be terminated without notice at the discretion of the Executive Director and the Personnel Chairman.

Permanent employees who are suspected of drug or alcohol abuse will be subject to the procedures in Section 28.6 & 28.7 of the 'Drug-Free Workplace Policy'. Other offenses may be heard by the board on a case by case basis. Appropriate measures, which may include warnings, suspensions and/or terminations, will be taken to prevent future occurrences.

Board Approved: 13DEC-2010

2.7 Dual Employment Position Policy

The Chairman of the Personnel Committee may deem it necessary to create a temporary dual employment position for employee training purposes. The creation of the replacement employee position will allow for training of the replacement employee when the outgoing employee has announced his/her resignation from the agency and training of the replacement employee is deemed to be in the best interest of the Levee District.

The employee occupying the replacement position will work alongside the outgoing employee to learn all aspects of the job and responsibilities. Training will last up to, but no longer than four months, at which time the permanent employee will leave employment and the second position will be terminated.

Upon recommendation by the Executive Director, the Personnel Committee shall have the authority to either approve or deny the creation of a dual employment position and establish the length of time of dual occupancy not to exceed four months.

2.8 Hiring and Termination Policy

The Personnel Committee will review all applicants for employment and make the final hiring based on the recommendation of the Executive Director and/or supervisor. Applicants must be able to pass a NON-DOT drug screen and pre-employment physical and agree to all policies and procedures set forth in the manual.

Any employee who violates the policies of this manual will be subject to progressive disciplinary action as outlined in Appendices "A" thru "D". The employee will be given every effort to resolve the situation into a positive working environment. If an employee reaches termination status, the Personnel

Committee will be notified of the intent for termination. The employee may submit a written request to speak with the Personnel Committee to state why he/she should not be terminated. After hearing all accounts, the Committee will then make the final recommendation.

3.0 FAMILY AND MEDICAL LEAVE ACT

Overview

ABOUT THE FMLA

The FMLA provides eligible employees of covered employers with job-protected leave for qualifying family and medical reasons and requires continuation of their group health benefits under the same conditions as if they had not taken leave. FMLA leave may be unpaid or used at the same time as employer-provided paid leave. Employees must be restored to the same or virtually identical position when they return to work after FMLA leave.

Eligible employees: Employees are eligible if they work for a covered employer for at least 12 months, have at least 1,250 hours of service with the employer during the 12 months before their FMLA leave starts, and work at a location where the employer has at least 50 employees within 75 miles.

Covered employers: Covered employers under the FMLA include:

- Private-sector employers who employ 50 or more employees in 20 or more workweeks in either the current calendar year or previous calendar year,
- Public agencies (including Federal, State, and local government employers, regardless of the number of employees), and
- Local educational agencies (including public school boards, public elementary and secondary schools, and private elementary and secondary schools, regardless of the number of employees).
-

The FMLA protects leave for:

- The birth of a child or placement of a child with the employee for adoption or foster care,
- The care for a child, spouse, or parent who has a serious health condition,
- A serious health condition that makes the employee unable to work, and
- Reasons related to a family member's service in the military, including
 - Qualifying exigency leave - Leave for certain reasons related to a family member's foreign deployment, and
 - Military caregiver leave – leave when a family member is a current servicemember or recent veteran with a serious injury or illness.
 -

Download [“The Employee Guide to the Family and Medical Leave Act”](#) for more information about the FMLA, including how to request FMLA leave.

Your Employee Rights Under the Family and Medical Leave Act

What is FMLA leave?

The Family and Medical Leave Act (FMLA) is a federal law that provides eligible employees with **job-protected leave** for qualifying family and medical reasons. The U.S. Department of Labor's Wage and Hour Division (WHD) enforces the FMLA for most employees.

Eligible employees can take **up to 12 workweeks** of FMLA leave in a 12-month period for:

- The birth, adoption or foster placement of a child with you.
- Your serious mental or physical health condition that makes you unable to work.
- To care for your spouse, child or parent with a serious mental or physical health condition, and
- Certain qualifying reasons related to the foreign deployment of your spouse, child or parent who is a military servicemember.

An eligible employee who is the spouse, child, parent or next of kin of a covered servicemember with a serious injury or illness **may take up to 26 workweeks** of FMLA leave in a single 12-month period to care for the servicemember.

You have the right to use FMLA leave in **one block of time**. When it is medically necessary or otherwise permitted, you may take FMLA leave **intermittently in separate blocks of time, or on a reduced schedule** by working less hours each day or week. Read Fact Sheet #28M(c) for more information.

FMLA leave is **not paid leave**, but you may choose, or be required by your employer, to use any employer-provided paid leave if your employer's paid leave policy covers the reason for which you need FMLA leave.

Am I eligible to take FMLA leave?

You are an **eligible employee** if **all** of the following apply:

- You work for a covered employer.
- You have worked for your employer at least 12 months.
- You have at least 1,250 hours of service for your employer during the 12 months before your leave, and
- Your employer has at least 50 employees within 75 miles of your work location.

Airline flight crew employees have different "hours of service" requirements.

You work for a **covered employer** if **one** of the following applies:

- You work for a private employer that had at least 50 employees during at least 20 workweeks in the current or previous calendar year.
- You work for an elementary or public or private secondary school, or
- You work for a public agency, such as a local, state or federal government agency. Most federal employees are covered by Title II of the FMLA, administered by the Office of Personnel Management.

How do I request FMLA leave?

Generally, to **request FMLA leave you must**:

- Follow your employer's normal policies for requesting leave.
- Give notice at least 30 days before your need for FMLA leave, or
- If advance notice is not possible, give notice as soon as possible.

You **do not have to share a medical diagnosis** but must provide enough information to your employer so they can determine whether the leave qualifies for FMLA protection. You **must also inform your employer if FMLA leave was previously taken** or approved for the same reason when requesting additional leave.

Your **employer may request certification** from a health care provider to verify medical leave and may request certification of a qualifying exigency.

The FMLA does not affect any federal or state law prohibiting discrimination or supersede any state or local law or collective bargaining agreement that provides greater family or medical leave rights.

State employees may be subject to certain limitations in pursuit of direct lawsuits regarding leave for their own serious health conditions. Most federal and certain congressional employees are also covered by the law but are subject to the jurisdiction of the U.S. Office of Personnel Management or Congress.

What does my employer need to do?

If you are eligible for FMLA leave, your **employer must**:

- Allow you to take job-protected time off work for a qualifying reason.
- Continue your group health plan coverage while you are on leave on the same basis as if you had not taken leave, and
- Allow you to return to the same job, or a virtually identical job with the same pay, benefits and other working conditions, including shift and location, at the end of your leave.

Your **employer cannot interfere with your FMLA rights** or threaten or punish you for exercising your rights under the law. For example, your employer cannot retaliate against you for requesting FMLA leave or cooperating with a WHD investigation.

After becoming aware that your need for leave is for a reason that may qualify under the FMLA, your **employer must confirm whether you are eligible** or not eligible for FMLA leave. If your employer determines that you are eligible, your **employer must notify you in writing**:

- About your FMLA rights and responsibilities, and
- How much of your requested leave, if any, will be FMLA-protected leave.

Where can I find more information?

Call **1-866-487-9243** or visit dol.gov/fmla to learn more.

If you believe your rights under the FMLA have been violated, you may file a complaint with WHD or file a private lawsuit against your employer in court. **Scan the QR code to learn about our WHD complaint process.**

5.0 ANNUAL AND SICK LEAVE

The policies & procedures of the South Lafourche Levee District relative to the issues of annual and sick leave set forth below are largely based on those of Louisiana State Civil Service Rules effective on June 29, 2010.

5.1 Earning of Annual and Sick Leave

(a) Annual and *sick leave shall be earned by each full-time Administrative and Field employee who has a regular tour of duty, except that no employee shall earn annual or sick leave while serving on restricted appointment or while using leave from an agency leave pool as defined in Louisiana Civil Service Rule 11.34.

(b) *Navigational Lock Operators will earn sick leave only. Any unused annual leave earned prior to July 1, 2024 will remain available for use at the employee's discretion, and with the approval of his supervisor.

(c) The earning of such leave shall be based on the equivalent of years of full-time State service and shall be creditable at the end of each calendar month or at the end of each regular pay period in accordance with the following general schedule:

1. Less than three years of service, at the rate of .0461 hour of annual leave and .0461 hour of sick leave for each hour of regular duty.
2. Three years but less than five years of service, at the rate of .0576 hour of annual leave and .0576 hour of sick leave for each hour of regular duty.
3. Five years but less than ten years of service, at the rate of .0692 hour of annual leave and .0692 hour of sick leave for each hour of regular duty.
4. Ten years but less than fifteen years of service, at the rate of .0807 hour of annual leave and .0807 hour of sick leave for each hour of regular duty.
5. Fifteen or more years of service, at the rate of .0923 hour of annual leave and .0923 hour of sick leave for each hour of regular duty.

5.2 Use of Annual Leave/Vacation Time (NLOs)

Annual leave must be applied for at least 48 hours in advance by the employee and may be used only when approved by the supervisor or his designated representative. Compensatory Leave will be treated the same as annual leave. We understand that extenuating circumstances may arise from time to time. Those will be given consideration on a case by case basis as they occur. See Section 10.0(g) for additional rules on using leave time.

5.3 Use of Sick Leave

Sick leave may be utilized by an employee who has sufficient leave to his credit for necessary absence from duty because of:

- (a) Illness or injury which prevents him from performing his usual duties.
- (b) Medical, dental, or optical consultation or treatment.

Sick leave is to be used for work time missed due to the medical conditions of the employee only. It shall not be used for the care of sick family members or for any other purpose. (Where appropriate, unpaid leave of absence may be taken for the care of family members and for other listed purposes as provided by the Family Medical Leave Act. See section 3.0, FMLA.) If, during the normal work schedule, the employee is able, but chooses not to return to work after his medical, dental or optical appointment, the employee shall request annual or compensatory leave for additional time missed. **It is a violation of agency policy to use sick leave for any reason other than its intended purpose.**

5.4 Certificate Required When Sick Leave Taken

An employee who has taken sick leave shall file with his supervisor a certificate (Application for Leave) stating the cause of his absence and the amount of time taken. The supervisor may require a statement from a registered physician or some other acceptable proof that the employee was ill and unable to report to work.

5.5 Funeral Leave

Probationary and permanent employees may be granted time off without loss of pay, annual leave or sick leave when attending the funeral or burial rites of a parent, step-parent, child, step-child, brother, step-brother, sister, step-sister, spouse, mother-in-law, father-in-law, grand-parent, or grand-child; provided such time off shall not exceed two days on any one occasion.

- (a) Death of Co-worker: Upon the death of a full-time employee, those full-time employees who attend the funeral of the co-worker during normal working hours will be granted three hours funeral leave. *[Added and approved 12/08/2014]*

5.6 Payment for Annual Leave upon Separation

The provisions of this rule allow an employee to be paid for up to 300 hours of accrued annual leave when he/she separates from state service. This leave payout is considered the agency's form of severance pay. Sick leave at separation other than retirement, will be the same as section (d) below.

- (b) Each employee shall be paid the value of his accrued annual leave (300 hours maximum) in a lump sum disregarding any final fraction of an hour, provided the employee was not dismissed for theft of agency funds or property.
- (c) LASERS Participants: The first 300 hours of unused annual leave and sick leave combined will be paid to the employee by the agency upon retirement. The remainder of unused annual and sick leave will be sent to LASERS. The employee will be given the option to either have the leave converted* to additional credit or to receive a one-time, lump-sum payment for their unused leave.

**Note: "There is no limit on the amount of leave that can be converted. However, a member may not be able to convert all of their unused leave to credit if this will cause their retirement benefit to exceed 100 percent of their final average compensation. In this case, their unused leave will be converted to credit to reach 100 percent of their average compensation, and any remainder of leave will be paid to them in a lump-sum."*

Employees should meet with a LASERS representative at least one year prior to retiring to review their retirement options. FMI, visit www.lasersonline.org and click on "Members Guide to Retirement".

- (d) NON-LASERS Participants: The first 300 hours of annual leave will be paid to the employee by the agency. Any unused sick leave will remain on the books for five years. Should the employee return to probationary or permanent state service within the five years, the unused sick leave will be reinstated. After five years, the remaining sick leave is cancelled. Any unused annual leave must be used prior to retirement or it will be cancelled.

6.0 OTHER LEAVES

6.1 Special Notice Regarding Sick Leave and On-The-Job Injuries

Upon sustaining an on-the-job injury, the initial (first) visit to the ER or doctor will not be subject to use of employee leave time, provided the employee seeks medical attention immediately (same day) after the injury. Alternatively, any additional time missed due to an on-the-job injury, whether to seek medical attention, therapy or recovering at home, shall be taken in accrued sick leave, annual leave, or a combination of both, by the employee provided the employee has sufficient sick or annual leave to his credit. If the employee chooses not to use sick or annual leave, or if the employee has no sick or annual leave credit, the employee may request LWOP. Actual time missed for medical, dental or optical appointments due to on-the-job injury must be documented on the Application for Leave form and approved by the supervisor. (See **Use of Sick Leave, section 5.3** and **Leave without Pay, section 6.2**)

6.1(a) The use of annual leave or a combination of annual and sick leave will be limited to an amount necessary to equal the employee's regular salary from the use of leave and workmen's compensation benefits.

6.1(b) The re-crediting of sick leave (buy-back) must be taken in the current payroll period for which it was used.

6.2 Leave Without Pay

Leave without pay shall be granted only in exceptional cases. Unless covered by the Family and Medical Leave Act (FMLA, section 3.0), requests for leave without pay must be fully explained in writing and submitted to the supervisor for approval. Consideration will be given to the needs of the SLLD and the legitimacy of the request. Additionally, an employee may be placed on leave without pay for any period of unapproved absence.

7.0 COMPENSATORY LEAVE

The policies & procedures of the South Lafourche Levee District relative to the issues of compensation set forth below are largely based on those of Louisiana State Civil Service Rules in place on June 29, 2010.

7.1 Compensation Rate: Non-Exempt

Compensation (comp time) is earned on a day to day basis at the hour for hour rate up to 40 hours worked. Non-exempt employees who work over 40 hours per week may earn comp time at the time and one-half rate after meeting the 40 hour requirement.

7.2 Compensation Rate: Exempt Employees

Exempt employees may earn comp time at straight time (hour for hour) rate only, except where special provisions allow.

The appointing authority shall compensate exempt employees in accordance with one of the following:

- (a) No overtime compensation.
- (b) Compensation at the straight (hour for hour) rate.
- (c) Overtime performed during official closures due to emergency situations may be compensated at the time and one-half rate.
- (d) Compensation at the time and one-half rate may be granted to exempt employees, under extreme conditions, upon approval of the appointing authority.

7.3 Compensation Limits

Compensatory leave earned hour for hour may be accrued in excess of 360 hours, but not more than a total of 360 such hours shall be carried forward from one fiscal year to the next. (FMI, see C.S. Rule 21.9 thru 21.12)

An employee with compensatory leave may be required to take all or part of such leave at any time. It is strongly urged that comp time be used before taking annual leave. An agency may pay the balance of an employee's compensatory leave at any time. (C.S. Rule 21.6: Compensatory Leave-Crediting and Usage)

8.0 STATEMENT OF AGREEMENT OR UNDERSTANDING

RE: Compensation for Over-time Work

I, _____, understand that the South Lafourche Levee District (“SLLD”) has the option of granting compensatory leave for over-time hours worked.

NON-EXEMPT EMPLOYEES: In cases where the Fair Labor Standards Act applies, such leave will be credited to non-exempt employees at the rate of one-half hour for each hour worked. For over-time hours worked during weeks when leave is taken (with or without pay), or when holidays are observed, the SLLD may opt to use straight-time cash payments or hour-for-hour compensatory leave to compensate non-exempt employees, in accordance with applicable Rules of the Department of State Civil Service effective on June 29, 2010.

EXEMPT EMPLOYEES: The SLLD has the option of granting no over-time compensation to all exempt employees: but if the SLLD chooses to compensate exempt employees for over-time, the SLLD may choose to compensate such employees with compensatory leave rather than cash payment.

PAYMENT OF COMPENSATORY LEAVE UPON SEPARATION:

- NON-EXEMPT EMPLOYEES: I also understand that non-exempt employees shall be paid upon separation for any time and one-half compensatory leave earned for over-time, as required by the Fair Labor Standards Act. Other straight, hour-for-hour compensatory leave may or may not be paid upon separation in accordance with applicable Civil Service Rules effective on June 29, 2010. Any hour-for-hour compensatory leave that is not paid upon separation shall be cancelled.
- EXEMPT EMPLOYEES: Compensatory leave credited to exempt employees may or may not be paid upon separation in accordance with the applicable Civil Service Rules effective on June 29, 2010. Any such compensatory leave that is not paid shall be cancelled, in accordance with applicable Civil Service Rules effective on June 29, 2010.

I have read the above and agree to accept compensatory leave as compensation for over-time work.

10.0 OFFICE, FIELD, AND LOCK OPERATIONS

Effective March 4, 1997

Revised: August 20, 2007

The Board of Commissioners of the South Lafourche Levee District attempts to maintain efficient office, field and lock operations. To accomplish this, the Board employs three full time administrative employees with one part-time employee when needed, a full complement of field personnel, and four lock operators.

The manager is formally the Executive Director and Executive Secretary and is responsible for all activities of the South Lafourche Levee District in both field and office operations. The secretary is formally called the Executive Assistant. Responsibilities are to assist the Board, and Executive Director/Executive Secretary with administrative duties and coordinating office operations. The receptionist is formally called the Administrative Assistant. Responsibilities include secretarial duties, filing, office reception and messages. The field manager, who is formally called the Operations Manager, oversees coordinating all field and lock operations. See Organizational Chart for hierarchy.

To ensure more efficient office, field, and lock operations, the following is instituted:

10.0 (a) All personnel will follow the directives of the Board, its committees, and the Board President as communicated by the Executive Director and through the Operations Manager. Failure to follow orders of a manager/supervisor will be declared insubordination, and will be subject to penalties. In the absence of the Executive Director, the secretarial position will follow the instructions of the Operations Manager.

10.0(b) All clerical work will be accomplished during normal working hours from 7:30 AM to 5:00 PM., Monday through Thursday and 7:30 AM to 11:30 AM on Friday. Tardiness will not be acceptable. Work will begin no later than 7:30 AM, and will continue through 5:00 PM. Lunch breaks are unpaid breaks and should be taken in 30 minute intervals starting at 11:00 AM and ending by 1:00 PM. No credited work will be allowed outside normal working hours except when ordered by the Executive Director. See Section 22.0 Lunch Break Policy for more information.

10.0(c) Although personal calls are discouraged, it is understood that they are allowed when necessary. Personal calls will be no longer than one minute. This includes the use of both Levee District phones and personal cell phones during working hours. Personal visits during working hours are also discouraged. They will be allowed on rare occasions, but limited to five minutes. Personal phone calls and visits are to be restricted to the employee's break time.

10.0(d) Clutter and unclean work stations can become a safety hazard. All field and office employees, regardless of position status (full-time, part-time, etc.), are expected to maintain a clean working environment.

10.0(e) Files will be maintained for easy access and retrieval of information for all employees.

10.0(f) After two days of sick leave is claimed in one week or one month, any subsequent sick leave will require a doctor's supporting statement. More than five days per year of sick leave will require a doctor's supporting statement. See section 5.3, Use of Sick Leave.

10.0(g) Office personnel must give a seven day notice in request of three or more days leave. Field and lock personnel must give forty-eight hours' notice. Only in rare instances will leave be granted to

office personnel on scheduled monthly Board meeting days. All leave will be scheduled on the basis of efficient operations as determined by Executive Director or Operations Manager.

10.0(h) Employee issued cellular phones which are the property of the South Lafourche Levee District may be used by the employee for personal calls provided the calls are conducted during breaks, when not on duty, or during an emergency. The employee shall be responsible for any and all costs incurred that are over and above the normal monthly cost of the assigned cell phone.

The employee will be allowed the option to choose between using an agency issued cell phone, or their own personal cell phone. All personnel are required to answer all work-related calls during working hours, or when on call. All calls from other agency personnel are to be answered immediately whether during working hours or off duty. (This is in case of an emergency situation.) Personal phones must be kept in working order and all repairs, replacements and accessories will be the responsibility of the employee. Employees who opt to use their personal phones will be compensated with a \$25 per month phone allowance which is subject to taxes. This allowance is not considered a salary increase, and therefore will not affect base pay.

Authorized personnel who are issued an agency provided smart phone shall be responsible for one-half the normal monthly cost of the phone's unlimited plan, along with any overages that are not related to agency business.

10.0(i) It is the duty of all field personnel to be available during emergencies and/or hazardous weather conditions. Employees who fail to follow orders may be subject to disciplinary action.

11.0 SLLD COMPENSATION PHILOSOPHY & GUIDELINES FOR FULL-TIME/PERMANENT EMPLOYMENT

Each SLLD job position is linked to a May 13, 2024, SLLD pay scale by matching actual SLLD job duties & responsibilities to established job descriptions, duties & responsibilities. SLLD pay scales will be reviewed annually by the Personnel Committee (Committee). If an employee's job position does not reasonably match any job description available, other means will be taken to obtain fair & appropriate pay ranges. These other means are to be approved by the Committee. The SLLD will periodically conduct market surveys to determine competitive pay rates for various positions. It is the SLLD's intent that pay will be competitive with comparable local employers.

11.0(a) It is the responsibility of each manager/supervisor to prescribe certain milestones which should occur in terms of training, personal development, acquisition of certain skills & job duties, time of service, and relationship development (working with others) which enable the employee to assume or take on the full scope of the job description. At each performance evaluation session, the progress relative to the individual program (plan) should be discussed.

11.0(b) Performance Evaluations are to be conducted during the months of October and November of each year for the period starting October 1st of the previous year through September 30th of the current year. Performance adjustments for full-time employees will be awarded effective January 1st of each year according to performance ratings. **Note:** Employee must achieved permanent status no later than June 30th to qualify for first annual rating. (See below.)

New employees will be evaluated six months from their hire date and considered for permanent status with appropriate pay adjustment at that time. Employees who enter permanent status from Jan 1st to Jun 30th will be evaluated again during the fall of that same year and will receive their first annual rating with pay adjustment, effective Jan 1st of the following year. (See example 1.)

Example 1

Hire Date: Dec 5, 2024

Reach Permanent Status: Jun 5, 2025
Six-month evaluation with appropriate pay increase: Jun 5, 2025
First annual evaluation: Oct-2025
Eligible for first annual pay adjustment: Jan 1, 2026

Employees who enter into permanent status Jul 1st to Dec 31st will be evaluated during November of the following year and receive their first pay adjustment Jan. 1st of the year after. [See Example 2]

Example 2

11.0(c) Part-time, restricted or temporary employees who have continued their employment, or were rehired the following year/season, will receive an annual hourly increase of \$0.25. This increase will be awarded no more than once during any consecutive 12 month period, and the employee must have been hired at least 12 months prior to receiving the first performance adjustment.

(Board Approved : 13DEC-2010)
Rev.2018.1130(Example dates only)

11.1 Evaluation Ratings & Pay Increases

Pay Increases will be based on the employees' evaluation ratings according to performance over the past year. Pay increases will be granted to those who earn the following ratings:

4.00 – 4.49 = Exceeds Requirements	3% pay increase
3.00 – 3.99 = Meets Requirements	2% pay increase

13.0 WORKPLACE INSPECTIONS**13.1 Inspections Serve Two Basic Functions:**

- To maintain a safe work environment and control the unsafe actions of people.
- To maintain operation, management inspections can be a good tool to measure supervisor's performance in safety. This practice will assure that line managers inspect their areas more often to ensure that conditions remain safe and to reduce the occurrence of unsafe acts.

13.2 Reasons for Inspections Are:

- To check results against the safety plan.
- To re-awaken interest in safety.

13.3 The Inspection Process Should Cover the Following Areas:

- The supervisor should conduct inspections of their work site.
- Inspections may also be conducted by the Safety Coordinator on a random schedule.
- Inspections must be documented in writing using a check list report form.
 - This report is designed to cover the identification of recognized unsafe acts, conditions, and any other items inherent in a particular job.
 - This form includes a space for any corrective action.
- The completed report will be routed to the immediate supervisor and the company safety coordinator and retained on file for a period of one year.

14.0 ACCIDENT INVESTIGATION REPORT**14.1 General**

14.1(a) If an employee is injured, regardless of the seriousness, he/she must report the injury to his/her supervisor immediately.

14.1(b) An insurance accident report shall be filled out completely as soon as possible. If possible, the injured person should sign the accident report.

14.1(c) The Supervisor will notify his/her office as soon as practical of any accident that may have occurred. This is usually done at the time; however, in the event of serious injury requiring immediate hospitalization or special attention by a doctor, the office is to be notified by phone or radio immediately regardless of what time the accident occurred.

14.1(d) Whenever an on-the-job injury occurs a drug and alcohol screen will be administered immediately to the injured employee and to any other personnel involved in the accident to verify if drugs or alcohol may have played a part in the accident.

14.1(e) After the accident report has been completed, it is the Supervisor's responsibility to investigate the accident as soon as possible, because delays could allow information or items of importance to be removed, destroyed or forgotten. The purpose of this investigation is to obtain information for corrective action and to prevent accidents of the same type from happening again in the future.

14.1(e)1 The Supervisor should:

- State what unsafe conditions contributed to the accident. Give reasons for its existence, if possible.
- List any unsafe acts involved. Why did they occur?
- Secure statements of witnesses, when possible.
- Take corrective action to prevent recurrences of the accident.
- The supervisor should make his investigation report available to the Safety Coordinator.

14.2 Reporting Injuries of Employees of Other Companies:

14.2(a) Although we may not be responsible for injuries to employees of other companies that occur on our equipment or our location, it is necessary that we have information on such injuries on file in the event that any inquiries are made.

14.2(b) Contractors/subcontractors **MUST** provide proof of General Liability and Workers Compensation insurances to office personnel before work is allowed on Levee District premises.

14.2(c) The Supervisor will make a written report to management whenever an employee of another company is injured while working on our equipment or our location.

14.2(d) This report shall be made immediately after the accident and will include the injured person's name, age, address, employer and all other factual information concerning the accident and injury, including names and addresses of witnesses.

NOTE: YOU MUST ALSO REMEMBER TO REPORT ANY ACCIDENTS INVOLVING ANY SITUATIONS OR PROCESSES THAT ARE UNIQUE TO YOUR ORGANIZATION.

14.3 Accident Investigation:

14.3(a) Accident investigation should be a vital part of any safety program. A thorough accident investigation is a necessary tool for the prevention of recurring accidents.

14.3(b) It is important to remember that an accident investigation is not a trial to find fault or blame. Its purpose is to find causes so that similar accidents may be prevented by physical or mechanical improvement or employee training.

14.3(c) Who should make the investigation? Usually, the Supervisor, but the Supervisor may be assisted by the Safety Coordinator, Safety Committee, or the insurance representative.

14.3(d) When should an investigation be made? As soon as possible! An investigation should be conducted immediately after the accident in order to prevent any facts of the accident from being destroyed or forgotten.

14.3(e) Preparing a Report:

A report should be prepared describing the investigation in detail. All possible questions regarding the accident should be answered and the corrective actions to prevent a reoccurrence should be listed.

The following questions should be helpful in completing the report:

- Who was involved?
- Where did the accident occur?
- What happened?
- When?
- How did the accident occur?
- Why did the accident occur?
- Is substance abuse suspected? If so, what factors raised the suspicion? If substance abuse is suspected, was a drug screen performed? What were the results?
- Recommended Corrective Action:
 - Once you have developed recommendations designed to correct all contributing factors, your report should be submitted to top management. After the report has been submitted, it is very important to follow up with those people involved to be sure that recommended changes have been implemented.

14.4 Reporting of Property Damages

14.4(a) Incidents resulting in damages to levee district property must be reported immediately to the superintendent. The superintendent will respond by making a report, contacting harbor police, or the sheriff's office to file a claim. A copy of all reports will be turned in to administration (main office) for record keeping. Administration will provide any and all documentation, including police reports and invoices for repairs to the SLLD attorney.

14.4(b) Any damages by SLLD personnel to others' personal property must be reported to the field manager immediately so that appropriate action may be taken. If the damages were the result of an auto accident involving another person or vehicle, the employee involved shall call the police department immediately and file a police report. The employee involved in the accident should submit a written report to his supervisor,

who will then submit to administration. Administration will review and take appropriate action.

14.5 Summary

Remember, all accidents should be investigated as soon as possible. All people involved should be interviewed in an effort to determine exactly how the accident occurred. Once all the facts have been put together, a report should be submitted to top management. The report should answer the questions: Who, When, Where, What, How and Why.

15.0 SAFETY MEETINGS**15.1 Frequency of Meetings**

Safety meetings can vary from a formal presentation to a five minute "tailgate" meeting. The frequency of the meetings needs to be determined by the type of operation and the nature of the business. However, there should be sufficient items of business for at least one meeting per month.

15.2 Purpose of Meetings

Besides arousing interest, promoting discussion and getting input, meetings can serve many different functions such as being informative and motivational. These meetings also reflect management's concern towards safety.

15.3 Workers' Contributions

Seek input from workers; they have often given management information in safety meetings which has contributed to safety policy, as well as increased production and improved operation.

15.4 Recordkeeping

A record of meetings should be kept showing the topics discussed, date the meeting was held, and the names of persons attending the meeting. (Attendees should sign their name to the roster)

See record of safety meeting form on next page.

16.0 SAFETY RULES**16.1 General Safety Rules**

Statistics have shown that in a large percentage of cases, accidents could have been prevented by the victim or by their co-workers.

You, the employee, can do something about preventing accidents, such as the following:

16.1(a) Always keep in mind that one of your primary responsibilities as an employee is to perform your duties in a safe manner.

- Make safety a part of your daily routine.
- Plan safety in advance.
- Make sure your machinery, tools, etc. are in good shape before doing your job.
- Make sure you obtain, maintain, and use the required personal protective equipment.
- If you observe an unsafe condition or an unsafe act by someone else, report it.
- If the unsafe condition can be corrected by you, correct it.

16.1(b) Report any injury you sustain at work promptly to your Supervisor, no matter how slight you may consider the injury to be.

16.1(c) Follow instructions.

- Instructions should describe the easiest and safest way to perform your work tasks.
- Sometimes doing something a little differently from the instructions can put you or someone else in a very hazardous situation.
- Learn the approved safe practices applicable to your work and observe them at all times.
- Avoid makeshift procedures of any kind that could conceivably compromise safety.
- Never defeat the function of a safety device. Report all safety device malfunctions to your Supervisor as soon as possible and flag the device immediately to warn others of the hazard.

16.1(d) Horseplay

- Your job site is no place for horseplay; never engage in practical jokes of any kind. Such conduct is positively prohibited.

16.1(e) Maintain an active interest in the safety program.

- Make suggestions.
- If you see an easier and safer way of doing something, bring it to the attention of your Supervisor for study.
- Give your undivided attention to on-the-job safety discussions which your Supervisor may provide from time to time to prepare you for new or hazardous work.
- Request thorough explanation of procedures you do not understand.

16.1(f) Practice good housekeeping.

- Always maintain your work area in a clean and orderly fashion to reduce or eliminate hazardous conditions.

16.1(g) Dress for the job.

- Use the protective equipment provided and prescribed for the work you are doing.
- Do not wear loose clothing or jewelry that can become entangled in machinery.

16.1(h) Walking surfaces.

- Be careful when walking or moving about the work area to avoid slipping, tripping or falling.
- Be especially careful when weather conditions such as mud, ice, or rain creates or aggravates hazardous situations.

16.1(i) Hazards

- Always be alert to safety and health hazards.
- Correct or eliminate the hazards immediately.
- Report all hazards and any corrective measures you have taken to your Supervisor.

16.1(j) Harassment & Intimidation

- Never harass or intimidate a co-worker. Verbal threats and physical abuse are a serious violation. It makes for an unsafe workplace and will not be tolerated. See Appendix "D", Disciplinary Procedures.
- If you feel you are the victim of threats or harassment, avoid altercation by removing yourself from the situation immediately. Report the incident to your supervisor at once.

16.1(k) Good Safety Practice

- For your own protection, you are urged to observe good safety practices on and off the job.

17.0 SAFETY TRAINING**17.1 Employee Training**

In addition to safety meetings, employee training should be conducted for new employees and existing employees on a new job, or when new work practices are initiated.

17.1(a) Employee training should include: the correct work procedures to follow, use of personal safety equipment, company safety policy and procedures and where to get assistance when needed.

17.1(b) Employee training should be conducted by the employee's immediate supervisor and /or associates.

17.2 Supervisory Training

Training should be conducted for supervisory positions in: conducting safety meetings, conducting inspections, and accident analysis and leadership skills.

17.2(a) Supervisory training will be conducted by the Company Safety Coordinator, Training Specialist, Corporate In-house Seminars, Outside Consultant or industry Seminars.

18.0 RECORDKEEPING

Accident and injury records are essential to a successful safety program. Records supply the information necessary to transform haphazard, costly, and ineffective methods into planned safety programs that control conditions and actions which contribute to accidents. Often it is the reluctance to maintain records that causes the failure of a safety program.

18.1 Each firm will maintain OSHA records

18.1(a) These must be kept on file for a period of five years. (Federal requirement)

18.1(b) OSHA yearly summaries must be posted during the month of February for the preceding year.

18.2 Retainage – other records

Other records must be kept on file for a period of one year (State requirement). These records include:

- Inspection reports
- Accident investigation
- Minutes of safety meetings
- Training records
- LDET-WC-1017A

LWC-15 requires that the "Notice of Compliance" be displayed at your place of business in order to fulfill your duty of advising your employees.

NOTE: TIME OF RETENTION SHOULD BEGIN THE YEAR FOLLOWING THE YEAR FOR WHICH THE RECORD IS INITIATED.

IMPLEMENTATION

This policy becomes effective on August 1, 2004. Subsequent revisions shall become effective on the date specified therein.

A professional appearance bolsters poise and self-confidence and greatly enhances the South Lafourche Levee District's image. Employees are expected to dress and groom themselves in accordance with accepted social and business standards, particularly if their job involves meeting and dealing with visitors in person. A neat, tasteful appearance contributes to the positive impression employees make on behalf of the District. Office personnel should wear appropriate business attire. Field personnel should wear complete required uniforms including proper shoes.

The following are guidelines for what constitutes attire that is not acceptable (even on casual day):

Employees are expected to maintain proper personal hygiene. Hygiene issues that are bad enough to warrant the notice or complaints of coworkers will be addressed by supervisors. Whether the problem is body odor, excessive perfume, or some other hygiene issue, it will be dealt with quickly in a private, honest, and diplomatic way. If the problem persists, normal progressive disciplinary procedures will be followed.

22.0 LUNCH BREAK POLICY

Any employee working more than seven hours must take a 30-minute meal break. A meal period is not considered part of paid work time and is not included in reporting the number of hours worked. Meal breaks

may not be used to reduce the workday or be taken consecutively with other breaks. Employees must still work the number of hours they are scheduled each day. Meal breaks either less than or more than 30 minutes must be approved by the supervisor. Employees must cooperatively arrange breaks so that service is not disrupted.

Schedule for lunch break is at the discretion of the Agency Head and can be for 30, 45, or 60 minutes. South Lafourche Levee District has established the following guidelines for lunch breaks:

- 30 minutes for office personnel
- 30 minutes for field personnel

Exemption: Employees who are required to remain at their stations/desks during lunch breaks are exempt from this rule. Only in extreme emergency circumstances, will call-ins by third parties (parent, spouse etc.) be deemed in compliance with the call-in requirements.

Although every effort on the part of the employee to call in should be made, the Levee District recognizes that on occasion, an extreme situation might arise that would prevent the employee from notifying their supervisor in the time allotted. These situations will be evaluated by the supervisor or executive director, and judged on a case-by-case basis.

Employees failing to abide by these requirements will be subject to disciplinary action as described in Appendix "C".

Approved: 11SEP-07, BOC Regular Meeting

24.0 TARDINESS POLICY

The South Lafourche Levee District requires employees to report to duty on time. The District realizes that circumstances may arise on occasion which could result in an employee's tardiness. A five minute grace period will be allowed, with limitations. Tardiness falling within the grace period will be cumulated each pay period and the employee will be given leave without pay for the unapproved leave. It is the responsibility of the employee to notify the immediate supervisor of the potential tardiness outside the grace period. Penalties for tardiness are found in Appendix "B".

26.0 ON CALL POLICY

26.1 On Call Rotation

Flood protection work demands that employees be responsible for monitoring the water levels in the borrow canals and Bayou Lafourche on a 24-hour basis.

Each week, in addition to his regular duties, one employee is responsible for the monitoring from 6:30 A.M. on Monday to the following Monday at 6:30 A.M., on a 24-hour basis (hereinafter referred to the "on-call employee"). During the regularly scheduled 10-hour workday, the on-call employee will receive regular pay.

When water levels in the borrow canal reach -5 feet, or heavy rainfall is occurring, the employee is to take action by pumping the drainage area.

As the water level in Bayou Lafourche approaches +.4ft at the Leon Theriot Lock. MSL, the on-call employee is to notify the supervisor and close the floodgate. The supervisor should then inform the executive assistant of the closures, so that a public notice may be released informing the community of the lock and/or floodgate closures.

In both instances, when the on-call employee takes action, he is paid either regular hourly wages, or time and one-half, if applicable. Hours spent on-call while not at work do not count towards the 40-hour work week. Hours of on-call duty when not at work are paid at \$2.25 per hour.

As water levels may be monitored by phone, on call personnel are not required to remain at or about levee district premises. They are free go wherever and to do whatever they wish provided the on-call employee: 1) is not intoxicated or impaired to the degree that the employee cannot perform his duties if called to work; 2) is always reachable by cellular phone; and 3) is able to arrive at the designated location within 20 minutes of being called to work.

- (a) All able-bodied full-time field employees are expected to work on a weekly rotation as part of their normal job duties.
- (b) Employees on rotation will be required to be on-call once during each rotation cycle. Employees who need to switch rotation with another employee will be allowed to do so providing the employee notifies his immediate supervisor, who will then notify the Superintendent and/or Executive Director. Notification must be made at least one week in advance when planning to switch weeks with another employee.
- (c) In addition, the field manager, formerly called Levee Board Operations Superintendent, along with the Executive Director and all administrative (office) personnel are not required to take on call rotation.
- (d) When on-call, any incidents resulting in damage to levee district property or to other's personal or business property must be reported to field manager or general manager immediately so that appropriate action may be taken.

Employees on call are permitted to take levee district vehicles home to be used in the event that the employee is called out to work. At no time is the vehicle to be used for personal purposes, but for levee district work only. Unauthorized use of an agency vehicle will result in disciplinary action being taken.

Amended: 01.30.2020; 02.13.2023

26.2 On Call Supervisory

This portion of the policy applies to the Operations Manager or a designee. Those on supervisory duty will periodically rotate on-call standby, as requested, for supervisory decisions each week beginning on Monday

at the start of shift and continuing through the week until ending at start of shift the following Monday. The supervisor on call is free to go wherever and do whatever they wish provided the on-call supervisor: 1) is not intoxicated or impaired to the degree that he cannot perform his duties if called to work; 2) is always reachable by cellular phone; and 3) is able to arrive at the designated location within one-hour of being called to work.

A person who receives such a request must immediately comply with it and must not retaliate against the employee for rejecting the conduct.
- Complaints of sexual harassment should be brought to the attention of any of the following: (1) Executive Director (2) Chairman, Personnel Committee (3) President of the South Lafourche Levee District.

28.0 DRUG-FREE WORK PLACE POLICY

28.1 Purpose and Goal

Employees of the South Lafourche Levee District are our most valuable resource, and the SLLD is committed to protecting the safety, health and well-being of all employees and other individuals in our workplace. The vast majority of employees of the SLLD occupy safety-sensitive or security-sensitive positions within the meaning of La. Rev. Stat. § 49:1015. As such, we recognize that alcohol abuse and drug use pose a significant threat to our goals. We have established a drug-free workplace program that balances our respect for individuals with the need to maintain an alcohol and drug-free environment. In addition, the SLLD will vigorously comply with the requirements of La. Rev. Stat. §49:1001 et seq.

28.2 Covered Workers

Any individual who is applying for a safety-sensitive or security-sensitive position or is employed in a safety-sensitive or security-sensitive position and conducting business on the agency's property is covered by our drug-free workplace policy. Employees of the SLLD who occupy safety-sensitive or security-sensitive positions within the meaning of La. Rev. Stat. § 49:1015 are identified by the position held in the field and office. Safety-sensitive or security-sensitive positions include, but are not limited to, any position that requires an employee to operate movable equipment or stationary equipment, perform electrical work, construction work, mechanical work, or maintenance of equipment, buildings, levees or any other structures, or any other field responsibilities that may not be mentioned here. In addition, safety-sensitive or security-sensitive positions include but are not limited to any administrative or clerical work performed on behalf of the levee district whether it be in the SLLD office or at another location away from the office, such as meetings, schools or training seminars. Safety-sensitive or security-sensitive positions do not include office janitorial services. This policy includes, but is not limited to managers, supervisors, full-time employees, part-time employees, applicants, and any other employee occupying a safety-sensitive or security-sensitive position, and who conducts business on agency property, whether listed specifically herein or not.

28.3 Applicability

Our drug-free workplace policy is intended to apply whenever anyone is representing or conducting business for the agency. Therefore, this policy applies during all working hours, whenever conducting business or representing the agency, while on call, paid standby and while on agency property.

28.4 Prohibited Behavior

It is a violation of our drug-free workplace policy to use, possess, sell, trade, and/or offer for sale alcohol, illegal drugs or intoxicants.

Prescription and over-the-counter drugs are not prohibited when taken in standard dosage and/or according to a physician's prescription. It is the responsibility of the employee taking prescribed or over-the-counter medications that may cause impairment to consult with the prescribing physician and/or pharmacist to ascertain whether the medication may interfere with safe performance of his/her job. If the use of a medication could compromise the safety of the employee, fellow employees or the public, it is the employee's responsibility to use appropriate personnel procedures (e.g., call in sick, use leave, request change of duty, notify supervisor) to avoid unsafe workplace practices.

The illegal or unauthorized use of prescription drugs is prohibited. It is a violation of our drug-free workplace policy to intentionally misuse and/or abuse prescription medications.

In addition, if the employee has been diagnosed as suffering from a debilitating medical condition and a licensed physician has recommended marijuana for their therapeutic use in accordance with Louisiana Law, the employee is prohibited from using or being impaired by marijuana on SLLD

premises, or during their work or on-call hours, or while operating or maintaining an agency vehicle, including operations of mobile field equipment.

Appropriate disciplinary action will be taken if job performance deterioration and/or other accidents occur.

28.5 Notification of Convictions

Any employee who is convicted of a criminal, drug or alcohol violation occurring in the workplace while employed by SLLD must notify the agency in writing within five calendar days of the conviction. The agency will take appropriate action within 30 days of notification. Federal contracting agencies will be notified when appropriate.

28.6 Drug Testing

- a. To ensure the accuracy and fairness of our testing program, all testing will be conducted according to Substance Abuse and Mental Health Services Administration (SAMHSA) guidelines where applicable and in compliance with La. Rev. Stat. § 49:1001 et seq., and will include a screening test; a confirmation test; the opportunity for a split sample; review by a Medical Review Officer, including the opportunity for employees who test positive to provide a legitimate medical explanation, such as a physician's prescription, for the positive result; and a documented chain of custody.
- b. All drug-testing information will be maintained in separate confidential records.
- c. Each employee, as a condition of employment, will be required to participate in pre-employment, random, post-accident, reasonable suspicion and return-to-duty testing upon selection or request of management. The employee will be driven to the drug testing facility by a supervisor. **Refusal to be driven by the supervisor to the testing facility will be treated as a failed test. See 28.6(c)i below.** Upon arrival at the testing facility, the employee must remain at the facility with the supervisor until testing is complete. Leaving the facility at any time before the facility has informed the employee that the testing is complete will result in the same consequences as a positive test. See 28.6(f) below.
 - i. An employee who has a valid physical or medical condition which limits his ability to travel in an agency vehicle must state his reasoning to the supervisor. Every effort will be made to provide a suitable form of transportation.
- d. The substances that will be tested for are: Amphetamines, Cannabinoids (THC), Cocaine, Opiates and Phencyclidine (PCP) in accordance with provisions of La. Rev. Stat. § 49:1001, et seq. The SLLD reserves the right to test its employees for the presence of any other illegal drug, controlled substance or alcohol when there is reasonable suspicion to do so.
- e. Testing for the presence of the metabolites of drugs will be conducted by the analysis of urine. Any employee who tests positive will be immediately removed from duty and suspended for a period of one 40-hour work week without pay or accrued leave benefits. The employee will be required to sign a Return-to-Work Agreement and terminated immediately if he/she tests positive a second time or violates the Return-to-Work Agreement.
- f. An employee will be subject to the same consequences of a positive test if he/she refuses the screening or the test, adulterates or dilutes the specimen, substitutes the specimen with that from another person or sends an imposter, will not sign the required forms, leaves the facility before the testing facility has informed the employee that the testing is

complete, or refuses to cooperate in the testing process in such a way that prevents completion of the test.

28.7 PROCEDURE

Upon confirmation that an employee is found to be under the influence of a controlled substance, the Executive Director shall contact the Personnel Committee Chairman immediately and the following steps will be taken:

- Immediate suspension of the employee
- Board will be notified of the suspension and a hearing may be scheduled

The employee has the right to a hearing. If he waives that right, he should do so by signing a waiver to the hearing acknowledging his agreement of the board's decision of disciplinary action.

Upon the recommendation of the Executive Director and the Personnel Chairman or Board President, through board resolution the employee shall be suspended for one week, five workdays, or 40 consecutive working hours, without pay or accrued leave benefits. After the 40-hour suspension, the employee will be allowed to return to work. The employee will be required to take two post-positive drug tests at a date and time unknown to the employee. These tests will not count as a regular employee random screening.

If the first test is negative, the employee may continue employment. If the second test is negative, the employee will be cleared of the violation. However, if the second test is positive, the employee will be terminated immediately.

Once the employee has been cleared of the initial substance abuse charge, should that employee during his/her employment with the South Lafourche Levee District fail any future drug or substance abuse test, he/she will be terminated immediately.

In accordance with La. Rev. Stat. § 49:1011, any employee confirmed positive, upon his written request, shall have the right of access within seven working days to records relating to his drug tests and any records relating to the results of any relevant certification, review, or suspension/revocation of certification proceedings.

28.8 Consequences

One of the goals of our drug-free workplace program is to encourage employees to voluntarily seek help with alcohol and/or drug problems. If, however, an individual violates the policy, the consequences are serious.

In the case of applicants, if he or she violates the drug-free workplace policy, the offer of employment can be withdrawn.

If an employee violates the policy, he or she will be subject to progressive disciplinary action and may be required to enter rehabilitation. An employee required to enter rehabilitation who fails to successfully complete it and/or repeatedly violates the policy will be terminated from employment. Nothing in this policy prohibits the employee from being disciplined or discharged for other violations and/or performance problems.

28.9 Return-to-Work Agreements

Following a violation of the drug-free workplace policy, an employee is encouraged to participate in rehabilitation. Upon being cleared of the violation the employee must sign and abide by the terms set forth in a Return-to-Work Agreement as a condition of continued employment.

28.10 Assistance

The South Lafourche Levee District recognizes that alcohol and drug abuse, and addiction are treatable illnesses. We also realize that early intervention and support improve the success of rehabilitation. To support our employees, our drug-free workplace policy:

- Encourages employees to seek help if they are concerned that they or their family members may have a drug and/or alcohol problem.
- Allows the use of accrued paid leave while voluntarily seeking treatment for themselves for alcohol and other drug problems.

Treatment for alcoholism and/or other drug use disorders may be covered by the employee benefit plan. However, the ultimate financial responsibility for recommended treatment belongs to the employee.

Access to this information is strictly limited to those who have a legitimate need to know in compliance with relevant laws and management policies.

28.12 Shared Responsibility

MISCELLANEOUS

The information contained herein was issued by the Louisiana Department of State Civil Service. Although we are no longer part of State Civil Service, we continue to use their rules as guidance. Such is the case with prohibited political activity.

Article 10, Section 9 of the State Constitution and Civil Service Rules 14.1(e), (f), and (g) govern the political activities of classified state employees. The United States Supreme Court has recognized that a state has the right to limit the political activity of its workers to ensure the enforcement and application of laws for the common good and not for the good of one candidate or political party. The Supreme Court has also recognized the right of a state to restrict such activity in order to avoid the appearance of such support. This means that classified state employees must avoid the ACTUAL support or opposition of a candidate, party, or faction. Furthermore, classified state employees also must avoid the APPEARANCE of giving such support or opposition.

36.0 Prohibited Political Activity

The following activities are **not** considered prohibited political activities. We must caution you, however, that when there is a question, you should consult the Department of State Civil Service to avoid any violation and its consequences.

You may:

- a. Serve as a poll commissioner or official watcher on behalf of a governmental entity at the polls.
- b. Publicly support or oppose issues of public debate or election other than in support of or opposition to a candidate or political party or faction.
- c. Sell services that you regularly offer or sell for fair market value to a candidate or political party or faction, even if doing so requires your presence at a fundraiser.
- d. Be a member of a private organization that may, under certain circumstances, endorse a candidate for public office, so long as the primary purpose of the organization is not the support or opposition of candidates, political parties, or factions. However, when the organization does support or oppose a candidate, party, or faction, you may not take an active part in the management of the affairs of the organization—even in matters not related to that support or opposition.
- e. Attend a free function open to the public where all candidates are invited and any or all of the candidates attend to speak or present their views.
- f. Attend an election night party (even before the polls close), but not after a primary election that is to be followed by a runoff election.
- g. Attend an inaugural celebration or a victory party after election night that is not a fundraiser.

Prohibited political activity is defined generally as **any** effort to support or oppose a candidate for election or a political party in an election, **whether the election is for a state, local, national, or even out-of-state office**. As a result of the prohibitions in the State Constitution, you cannot engage in the following acts either directly or indirectly, through your spouse or another person.

You may not:

- a. Become a candidate for nomination or election to public office.
- b. Become a member of any committee of a political party or faction.
- c. Make or solicit contributions for any candidate or political party or faction.
- d. Take an active part in the management of the affairs of a political party, faction, candidate, or campaign.

- e. Attend any fundraising function of a candidate or political party or faction—even if someone gives you a free ticket. A function will be considered a fundraiser if it is advertised that anything—including food—will be sold at the function—even if you do not plan to buy anything.
- f. Solicit votes for or against a candidate or political party or faction.
- g. Publicly announce, in writing or otherwise, support or opposition to a candidate or political party or faction.
- h. Prepare or distribute campaign material for or against a candidate or political party or faction.
- i. Contribute or volunteer time, effort, property, or any other thing of value in support of or opposition to a candidate or political party or faction.

- k. Place a sign on your property supporting or opposing a candidate or political party or faction or allow anyone who is not your spouse to do so.
- l. Contribute or loan money in support of or opposition to a candidate or political party or faction.
- m. Vote at the caucus or convention of a candidate or political party or faction.
- n. Wear, use, display, or distribute t-shirts, hats, stickers, pins, fans, water bottles, or any other material in support of or opposition to a candidate or political party or faction.
- o. Actively engage on the official or unofficial social media page of a candidate for nomination or election to political office, political party, or faction of a political party.

Note: "Actively engage" means, in generic terms, "liking" a page, responding to posts, posting, engaging in chats, using hashtags to call attention to the candidate, party, or faction, commenting and/or sharing to or from the candidate's, party's, or faction's social media page.

APPENDICES

Disciplinary Procedures

--THIS PAGE INTENTIONALLY LEFT BLANK --

Note: *Non-disciplinary issues that arise will be documented as “Incidents”. Incidents, like official Warnings, will be taken into consideration during the employee’s annual Performance Evaluation rating. A continuance of incidents may lead to disciplinary actions.*

Appendix “A”

Disciplinary Procedures – General

Any employee who disregards the rules and policies provided in this manual will be subject to disciplinary action as set forth by the Operations Superintendent, the Executive Director and/or the Personnel Committee. The Operations Superintendent and/or Executive Director will be responsible for proactively ensuring policies, procedures, and best practices are followed by all employees through observation, coaching, and retraining when incidents arise. Should an employee repeatedly commit the same infraction or commit different infractions of higher risk or severity, the following steps will be considered the standard progression of disciplinary actions after initial coaching and retraining:

- A. First Offense – 1st Letter of Reprimand and retraining/coaching
- B. Second Offense – 2nd Letter of Reprimand and retraining/coaching
- C. Third Offense – Termination

Each event will be handled on a case-by-case basis, depending on the severity or level of risk of the incident, and may, at the discretion of the Executive Director and/or Personnel Committee include or be immediately escalated to one or more of the following disciplinary actions in addition to coaching and retraining:

- reassignment of job duties
- suspension in pay
- reduction in pay
- reduction or denial of performance adjustment
- demotion
- termination

Letters of Reprimand will be permanently kept in each employee’s personnel file, but only Letters of Reprimand issued in the previous three (3) years for different violations or offenses will be considered when determining further disciplinary action or in consideration of performance evaluations and pay increases, provided that each Letter of Reprimand is issued for violations or offenses of different natures. If an employee continues to commit the same violation or offense even after repeated coaching, retraining, and Letters of Reprimand, those letters of reprimand will be considered in the progression of disciplinary action, even if the offenses occur over a span of more than 3 years.

Example 1 – Multiple Varied Offenses – A new employee receives coaching and retraining related to reporting to work tardy. Six months later, the employee receives his 1st Letter of Reprimand for failing to call the Operations Superintendent or Executive Director to report illness/absence. One year later, the employee receives his 2nd Letter of Reprimand for failing to answer his phone or return the call while serving as the employee on call. Three years later the employee takes a one-hour lunch, instead of his regular 30-minute lunch. Since it has been over three years since the 1st Letter of Reprimand for failing to call in sick, that letter of reprimand is disregarded in the progression of disciplinary actions, making the Letter of Reprimand for violation of the lunch policy considered as only his 2nd Letter of Reprimand in the three-year period. Had it been less than three years since the 1st Letter of Reprimand, the employee would have been at risk for termination (at the discretion of the Executive Director and/or Personnel Committee).

Example 2 – Repeated Offenses – An employee is dissatisfied with a task assigned to him and verbally disrespects his supervisor. He is given a verbal warning, along with coaching and retraining on the duties

and responsibilities of each employee. A year later the employee is again dissatisfied with an assigned task and again verbally disrespects his supervisor. He is given a 1st Letter of Reprimand for the offense. Two years later, the incident happens again, resulting in a 2nd Letter of Reprimand. Two years later, the offense occurs again. Though the offenses have spanned more than three years, since they are the same, repeated offense, all Letters of Reprimand are considered for the progression of disciplinary action, leaving the employee at risk for termination (at the discretion of the Executive Director and/or Personnel Committee).

As with all disciplinary actions, the employee’s work and disciplinary history will be given consideration. Repeat violations, or those not directly covered in this manual will result in appropriate disciplinary actions including the possibility of termination from employment. Additionally, violations will be considered in awarding performance adjustments and preparing performance appraisals.
